

Headsets for VoIP Dialers

There are many brands, types, and styles of headsets that may be used with VoIP services. Below are examples to assist you in your choice:

Wired USB Headsets:

There are many different styles of wired USB headsets.
Prices start at about \$10.
We recommend the Plantronics .Audio 626 DSP for about \$25.
(Wired USB headsets are available in stores or on the internet.)

Telephone Adapter:

If you want to use a telephone or telephone headset (such as the above Plantronics CS55) that cannot plug into your computer, you will need a ZoomSwitch Analog Handset Phone Switch. It gives you the ability to push a button when using your headset to talk on either your telephone or on the VoIP service of your Power Seller.

“Zoom Switch Analog Handset Phone Switch” sells for about \$30.
