

# Computer

## If you provide a computer:

### Requirements

**Operating System:** Windows XP or Windows 7.

**Minimum System Requirements:** 1.5 GHZ processor, 2 GB of RAM, 40 MB of available hard drive space, Super VGA Monitor, Keyboard, Mouse, and Sound Card. Note: You may need higher speed and more RAM if you have large telephone lists and/or many telephone lines, or if you will use Text-to-Speech.

**PCI or ISA Slot for Voice Board:** New Dialogic boards fit in either 5 or 3.3 volt PCI slots. The boards are 4.5" high and either 7" or 13" long, depending on the model. More than 1 slot may be needed.

**Important Note:** Used Dialogic boards use either ISA or PCI slots, depending on the model. Windows 7 does not support any ISA and some older PCI boards (Example: D/41E-PCI and D/240PCI-T1). Also certain Dialogic boards do not support call transfers (Example: D/4PCI, D/PCI-UF). Contact sales if you need more information.

**Surge Protector & Battery Backup:** To protect your hardware, software, and data.

**Dedicated Use:** While dialing, your computer should only be used for the Ultimate Auto Dialer.

**Recommended:** High Speed Internet connection, and to not interfere with performance of the dialer, we recommend that the following are turned off: screen savers, power management, automatic Windows updates, security firewalls, and anti-virus software.

## If we provide a computer:

Buy any of our software and/or voice boards and installation into the computer is free.

Specifications:	PCI Tower \$595 (with Windows 7 Pro)	PCI Tower \$935 (with Windows 7 Pro)	ISA-PCI Tower \$895 (with Windows 7 Pro)	Rack Mount Chassis \$1,495 (for backplane with 6 + ISA slots add \$300)

\* The CPU installed will vary according to which dialer product the PC is being purchased for. Prices, appearances, and above specifications are subject to change. Specifications for Hard Drive capacity, amount of RAM, & CPU are the minimum the PC will have. Depending on availability of components, your hard drive might be larger, and you might have more RAM or a faster processor.
